Why A Peru based host for your client?

After weeks of back and forth, your long-time client just booked their trip of a lifetime to Peru. Congratulations! But now you need their journey to go off without a hitch. Accompanying the obvious adventure from Lima to Machu Picchu to other amazing Peruvian destinations, is a multitude of cultural differences and language barriers once they arrive to the airport in Lima. With a Peru-based host, your client will have a representative to greet them on the ground in Lima, answer their questions, and will have a 24-hour contact in Peru from arrival to departure home.

What can I expect from a host ?

Dargui Tours' bilingual hosts are on the ground in Lima and will meet your client in Lima to welcome them to Peru! We're here to be in extension of your services. Our greeting will cover their itinerary, Peruvian customs, suggested tips during travels, and how to make the most of their journey. We'll also clear up any questions about currency exchange, local food, and anything else. Lastly, we'll give your clients a Peru phone to reach us at any time with questions, itinerary concerns, and of course emergencies.
